ABOUT US

FAILA Holdings is an international, multi-sector enterprise with a footprint in procurement, consulting, workforce management, and engineering. With headquarters in Johannesburg, South Africa, and additional offices in the Democratic Republic of Congo, we are committed to delivering excellence on a global scale. As part of our diverse portfolio, FAILA Civil & Electrical plays a pivotal role by offering top-tier civil and electrical engineering services. Backed by the vast resources and expertise of FAILA Holdings, FAILA Civil & Electrical leverages international standards and local expertise to meet the region's growing infrastructure demands, while fostering innovation, quality, and sustainable development.

■ **FAILA Civil & Electrical: A Division of FAILA Holdings**

As part of FAILA Holdings, FAILA Civil & Electrical brings unmatched expertise in delivering comprehensive engineering solutions that meet the unique needs of our clients. Backed by the resources, experience, and support of our parent company, we operate with a clear vision: to become the leading provider of reliable civil and electrical engineering services in the region.

ABOUT US

At FAILA Civil & Electrical, we combine innovation with deep technical knowledge to offer specialized services ranging from construction and project management to electrical infrastructure and telecommunications. We are committed to building sustainable and resilient communities through our projects, ensuring long-term benefits for clients, stakeholders, and local communities alike.

■ **Our Philosophy: Excellence Through Collaboration**

Our work at FAILA Civil & Electrical is driven by the core principles of FAILA Holdings—integrity, trust, and quality. We see ourselves as more than just contractors. We are partners, working closely with our clients to bring their visions to life while adhering to the highest standards of safety, efficiency, and quality.

■ **Our Mission**

To empower communities through innovative and sustainable engineering solutions, focusing on both civil and electrical infrastructure, while promoting long-term growth and development in the regions we serve.

■ **Our Vision**

To become the most trusted partner in civil and electrical engineering, delivering projects that are recognized for their quality, innovation, and positive impact on the communities we serve.

02

OUR SERVICES

FAILA Civil & Electrical offers a comprehensive range of services, ensuring that each project receives the customized approach it deserves. With the strength of FAILA Holdings behind us, we provide solutions that combine technical proficiency with on-the-ground experience.

■ Civil Engineering Services

Structural Design: Our team provides structural design services for diverse projects, from commercial buildings to large infrastructure. We ensure that every structure is designed to be safe, durable, and efficient, following the latest standards and employing advanced techniques.

Building & Construction: We specialize in commercial, residential, and industrial construction projects, offering complete construction services that cover every phase, from planning to execution. Our buildings are modern, reliable, and tailored to client specifications.

OUR SERVICES

Retaining Walls: FAILA Civil & Electrical delivers expertly engineered retaining walls designed to prevent soil erosion and ensure structural integrity. Our retaining walls are not only functional but also aesthetically designed to suit the project environment.

Road Construction & Repair: Our road construction services encompass asphalt paving, concrete roads, and road repairs, ensuring safe, durable, and smooth transportation networks.

■ **Electrical Engineering Services**

Electrical Infrastructure: We provide comprehensive electrical solutions, from the installation of electrical systems to maintenance services for commercial and industrial facilities.

Access Control & Surveillance: Security is at the core of every project we undertake. We implement advanced access control systems and surveillance technology to ensure the safety of project sites, assets, and people.

Civil Telecommunications (Fiber Infrastructure): FAILA Civil & Electrical specializes in building reliable fiber infrastructure that supports telecommunications across communities and businesses, ensuring connectivity and high-speed communications for the future.

OUR SERVICES

■ Safety & Compliance

Safety is a non-negotiable priority for FAILA Civil & Electrical. We comply with all local and international safety standards, ensuring that our projects meet the most stringent occupational health and safety requirements. Our teams are fully trained in safety practices, making every worksite secure for all involved.

■ Our Commitment to Community Development

As part of FAILA Holdings, FAILA Civil & Electrical is dedicated to making a meaningful difference in the communities where we operate. Our projects go beyond infrastructure—we are committed to creating jobs, developing local talent, and fostering economic growth long after our work is done. We form partnerships based on mutual respect, ensuring that every stakeholder—clients, employees, and communities—shares in our success.

03

WHY CHOOSE FAILA Civil & Electrical?

Choosing the right partner for your project is crucial. Here's why FAILA Civil & Electrical, as part of FAILA Holdings, is your ideal choice:

Strong Backing & Experience: As a division of FAILA Holdings, we have access to a wealth of resources and expertise, enabling us to handle projects of any size or complexity.

Proven Track Record: We have a history of delivering successful projects across various sectors, and our expertise is evident in every job we undertake, from civil works to complex electrical installations.

Local & Global Knowledge: Our in-depth understanding of the local markets in South Africa and the Democratic Republic of Congo is enhanced by global technical expertise through strategic partnerships.

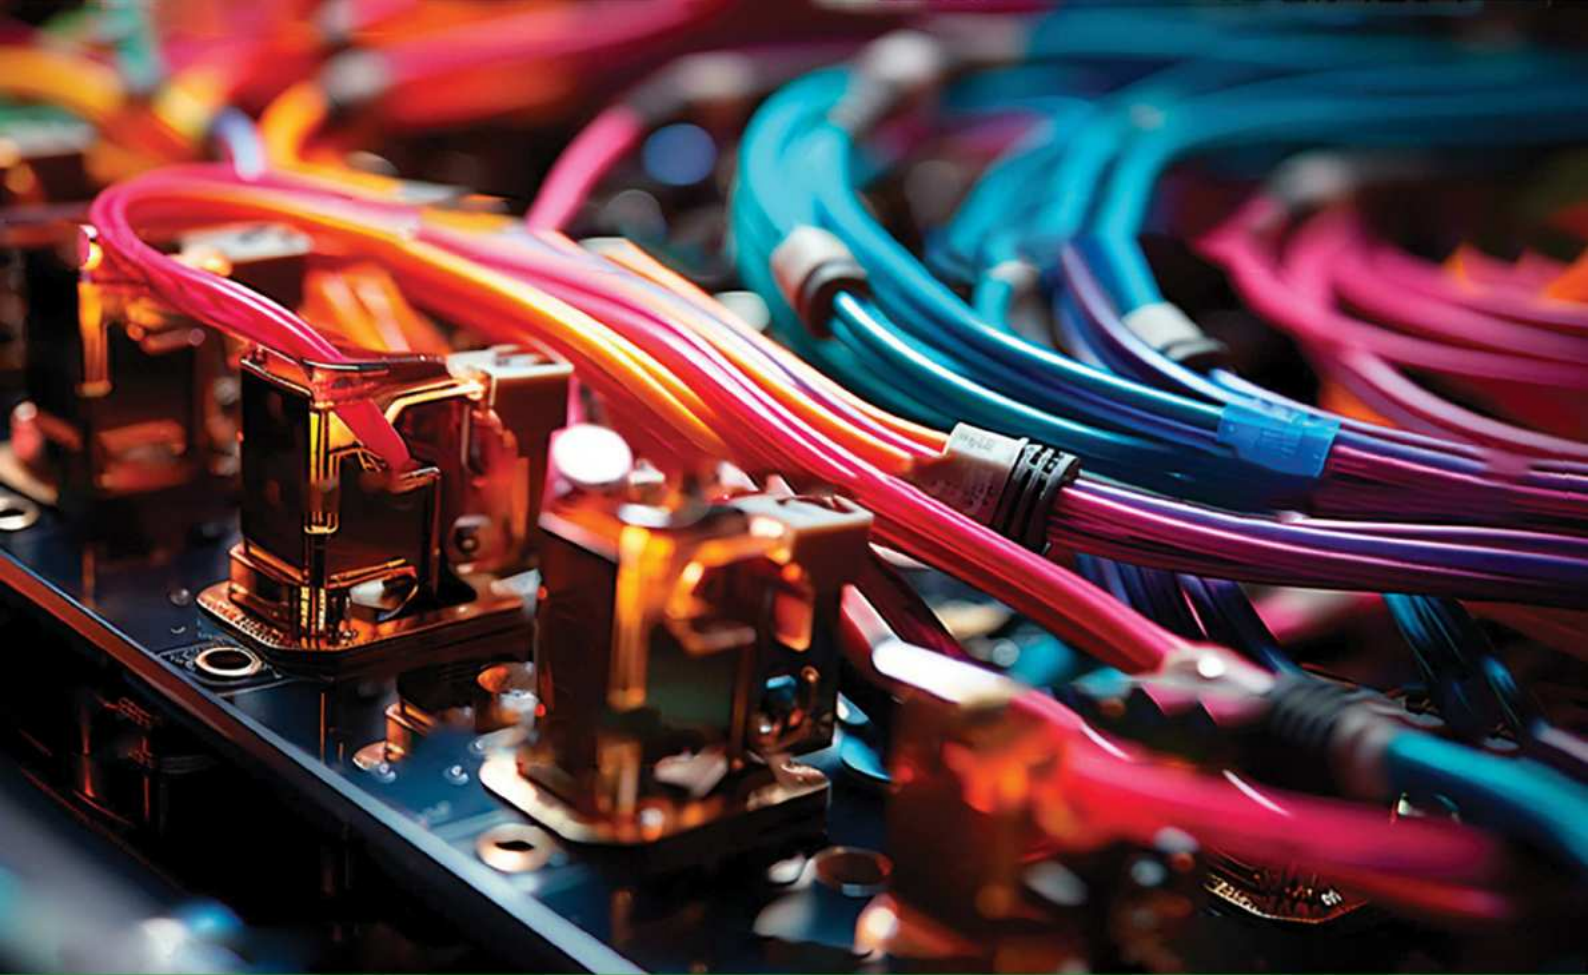

Tailored Solutions: We recognize that every project is unique. That's why we offer customized solutions designed to meet the specific needs of our clients, ensuring maximum efficiency and quality.

Join Us in Building the Future

At FAILA Civil & Electrical, we're not just focused on today's challenges—we're building for the future. With a commitment to quality, innovation, and community development, our projects lay the groundwork for lasting progress and prosperity.

Whether you're a client looking for a trusted engineering partner, an investor seeking a reliable enterprise, or a community anticipating growth, FAILA Civil & Electrical, in collaboration with FAILA Holdings, is ready to shape the future with you.
